

## **TechnoBabylon is Fallen, Human Robots, & AI, P. 1**

By Dr. Lee Warren, Founder of PLIM, Inc. (Power Latent in Man)

### **35. What has replaced the AC's gods and their magic in the 21st century?**

Below are notes for an upcoming spiritual class. For more information contact me at leewaryah45@icloud.com.

The Apostle John in his vision in the book of Revelation 18th chapter, said this about Babylon.

*" 1. And after these things I saw another angel come down from heaven, having great power; and the earth was lightened with his glory. 2 And he cried mightily with a strong voice, saying, Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird.*

Few understand that the vision of the Apostle John described the events surrounding the fall of Mystery Babylon that will end our Present Kingdom Age of Grace just as the Messiah described the events that ended the Post Diluvian Age in the 24th chapter of Matthew. This includes economic depression/famine, war and pestilence described in the six seals (Rev. 6th chp.) and the 17th and 18th Chapters of Revelation.

### **What is TechnoBabylon?**

By TechnoBabylon we mean a Babylon that has made technology their god and man becomes a god through technology since he can create a human-like robot which they believe will bring about everlasting peace, prosperity, and good health.

We do not mean old Babylon where they served idols (Isa. 45:20).

TechnoBabylon or mankind today has created human robots in his own image and likeness without divine specifications.

### **[The Dangers of Artificial Intelligence - Robot Sophia makes fun of Elon ...](https://youtu.be/GzdY3gwE0WQ)**

<https://youtu.be/GzdY3gwE0WQ>

### **When does TechnoBabylon exist in Biblical Time?**

Before discussing this, we will have to lay down some framework of Bible chronology to understand where the world is at in biblical time.

As we approach the end of the Present Kingdom Age of Grace from 33 1/2 AD, there has never been more omens (financial and economic crisis, wars, earth changes, etc.) of the inevitable demise of TechnoBabylon than now.

This age began with Pentecost, 33 1/2 AD, in Jerusalem, in the upper room, at 9:00am ( Acts 2:1-4).

We have come 1989 years from Pentecost. Using Dr. Kinley's vision to correct our current calendar date 2018 AD + 4 year error in the birth of the Messiah = 2022 years - 33 1/2 years of His life under the law of Moses = 1989 years.

Now adding the year from Adam and Eve's death (A&ED) in the Garden to our present time is a total of 1989 years + 4033 years of first two ages (ante & post diluvian from Adam spiritual death to Yahshua death on the cross) = 6022 years from (A&ED).

Now this places the world in the 6th millennium or 6,000 years = 6th day since 1 day = 1,000 years. 2 Pet. 3:8

According to Moses' vision of creation of heaven and earth, as pointed out by Dr. Kinley's panoramic vision, in Genesis ( Gn. 2:7) Elohim created Adam in His image and likeness from the dust of the earth and breathed into Adam the breath of life.

### **Will TechnoBabylon Repeat What occurred on the 6th Day?**

Now what occurred on the 6th day of Moses vision will be repeated in the 6,000 years or 6th day of creation of time to reflect the purpose, pattern and plan of Yahweh Elohim. Nothing operates outside of Elohim's purpose.

Being this is the 6th day from Adam, TechnoBabylon of today must reflect what occurred in Moses' vision when Elohim created Adam on the 6th day. Man could not have created human-like robots earlier because it would not have been on the sixth day.

Since Adam was made in the image of Elohim, His offspring, mankind or TechnoBabylon has made robots in his image and likeness using AI (machine Intelligence) that allows the robot to perform/mimic various human tasks such as walking, talking, seeing, hearing, holding conversations, having more strength than humans, performing many tasks faster and more efficiently than humans, being used in warfare as soldiers, etc., to list a few.

### **Tonight Showbotics: Jimmy Meets Sophia the Human-Like Robot**

[https://youtu.be/Bg\\_tJvCA8zw](https://youtu.be/Bg_tJvCA8zw)

What the creation of human-like robots reflects is that we are at the end of our age. Now Elohim rested from all His work of creation and returned to Sabbath on the 7th day.

### **How will robots affect human employment?**

One thing is for sure. Human-like robots will create great economic dislocation. They will take over vast numbers of jobs in the world causing humans to return to Sabbath where there is no need for their labor. How will people earn a living to eat? Will this cause a famine? If robots take over the jobs how will 7 billion people on earth earn a living?

<https://youtu.be/R5rfT6p5Jbs>

### **Is the Tower of Babel being repeated in our modern times?**

TechnoBabylon building human-like robots without divine specifications from Yahweh Elohim is a repeat of men building the city and Tower of Babel to reach into the heaven, without divine specifications (Gn. 11:1-6).

This was built by Noah's offsprings who came after the great flood. When Elohim saw what they had done he said:

*"...now nothing will be restrained from them, which they have imagined to do (Gn. 11:6). Elohim confuse their language, which was one language, and scatter them throughout earth (Gn. 11:7-9)."*

This confusion of languages at the Tower of Babel is reflected today by TechnoBabylon being in a confused state of consciousness. They worship creatures rather than the Creator within them.

Demonstrating the confused state of consciousness of TechnoBabylon is their creation of human-like female robots to be companions and for sexual intercourse.
