

Trump 45 - Who is he? Why was he picked? What is his purpose?

The Main Stream Media describes Trump as a racist, a bigot, a misogynistic, a white supremacist, etc. They say everything he does is wrong. They know he is a billionaire.

Few Americans understand America is governed by powers behind the scenes (Shadows) that are divided on their own agenda (Matt. 12:25-16). Clintons/Bushes are backed by the Liberal Globalists, Hollywood, international, Bretton Wood, Silicon Valley, Wall Street, new banking & financiers. The Powers behind Trump are the industrial, Black Nobility of Europe, isolationists, military etc. Using the scriptures as an analogy, it is simply the Old Covenant vs the New Covenant (Heb. 7:11-12; Jer. 31:31-34, Heb. 9:-17).

Trump 45's purpose is simply to put America through bankruptcy (a type of Jubilee) and issue a new, possibly gold backed, currency. Famous author Daniel Estulin explains this in an interview of his new book Shadows of a Presidency. In 2011, he wrote the classic The True Story of the Bilderberg Group that sold 7 million copies worldwide.
